THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bow in the County of Merrimack in said State, qualified to vote in town Affairs:

You are hereby notified to meet at the Town Hall in said Bow on Tuesday, the 9th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the Town will raise and appropriate for highways and bridges.

4. To see if the Town will raise and appropriate \$2,268 for street lights.

5. To see if the Town will raise and appropriate \$200 for the control of the White Pine Blister Rust, as recommended by the State Forestry.

6. To see if the Town will raise and appropriate \$634.94 the State to contribute \$2,539.75 for Class V road assistance.

7. To see if the Town will raise and appropriate \$200 for the care of cemeteries.

8. To see if the Town will give the Selectmen authority to sell, lease or rent property deeded by the Tax Collector to the Town.

9. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

10. To see if the Town will raise and appropriate \$619.63 for the maintenance of the Baker Free Library.

11. To see if the Town will vote to establish a neighborhood center, and to authorize the purchase, equipment, and operation of a suitable building or buildings therefor.

12. To raise and appropriate a sum not exceeding \$3000 for the purchase of a neighborhood center building or buildings, if such purchase shall be authorized under the foregoing article.

13. To see if the Town will vote to petition the State Tax Commission to have an audit made by the division of municipal accounting and to make an appropriation to cover the expense of such audit.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and forty-three.

WILBUR H. VAUGHN,
DONALD E. CARLETON,
ASA H. MORGAN,

Selectmen of Bow.

A true copy of Warrant—Attest:

WILBUR H. VAUGHN,
DONALD E. CARLETON,
ASA H. MORGAN,

Selectmen of Bow.

Auditor's Report

We, the undersigned, auditors of the Selectmen's, Treasurer's, Clerk's and Tax Collector's accounts, also of the accounts of the Trustees of the Cemetery Funds for the year ending January 31, 1943, certify that we have examined said accounts and find them correctly cast and properly vouched.

WILLIAM A. WHITE,

EDNA C. WHITE,

Auditors

Bow, N. H., February 15, 1943.

WHITE PINE BLISTER RUST CONTROL FINANCIAL STATEMENT

Town of Bow — 1942

Town Work:

Crew wages	\$199.68	
Foreman wages	67.52	
Total expended		\$267.20
Received from town	\$200.00	
Expended from town funds	199.68	
Balance due town		\$.32
Area covered		389 acres
Currant and gooseberry bushes destroyed		8391

- - - -

Federal Work:

Federal funds expended	\$162.20
Area covered	709 acres
Currant and gooseberry bushes destroyed	702

The first working of the land area of Bow has been completed and 74,197 currant and gooseberry bushes were destroyed.

The re-checking work, necessary to destroy those bushes which have sprung up from the seed left by the bushes which were pulled during the first working, is a protection of the town's original investment in this protection work. 10,700 acres have been re-worked and 26,919 currant bushes destroyed. There remain 7,107 acres to be worked.

Last year we used high school boys and they did a good job. We will plan on using them again this year. The control work should be continued this year since so little remains to be done.

(Copy of Letter from United States Department of
Agriculture)

February 1943.

Dear Sir:

Wood is a vital need of the war effort. Due to this fact more than 250 mills are at present sawing lumber in New Hampshire. Approximately 70 per cent of all lumber being cut here is white pine. Our white pine forests, consequently, like our men, are helping to win the war. In addition, it is producing substantial revenue to owners who a short time ago felt it would never be of much value to them. During their earlier growing years these white pines were protected from the destructive blister rust and were thus given opportunity to mature and make their valuable contribution to the nation in its hour of need.

The importance of the cooperative blister rust project, so well carried on by town, state and federal governments since 1918, was perhaps never more clearly and impressively defined than by President Roosevelt in his recent budget message to Congress.

"I am making recommendations . . . for so-called "non-war" appropriations. Most of these expenditures are related to the war effort and many are occasioned by it. This "non-war" category includes . . . also such items as the control of white pine blister rust. Expenditures for controlling this threat to our timber resources are necessary to avoid possible loss of millions of dollars in lumber from trees which require more than 50 years to reach maturity."

The cutting of white pine to meet war demands is rapidly depleting our forest capital of merchantable timber. The remaining trees must grow for a period of years before they, too, can make their contribution to the welfare of the owner and the public and may be lost unless pro-

tected from fire and disease such as White Pine Blister Rust. Fire is spectacular and destroys quickly, while blister rust works more slowly but is just as deadly. It is because of this President Roosevelt urges the continuance of control work even during the war.

The State Forester has recommended an appropriation of \$200.00 by your town this year to continue the program of control work already under way. This appropriation, divided among all taxpayers is so small it can not be burdensome, yet applied to control work, can do an effective and necessary job. The state will increase the town appropriation 25 per cent and the federal government will furnish trained supervision of the control work.

May I remind you of the fact that control work done this year has a definitely greater value than if postponed. Currant and gooseberry bushes destroyed now will preserve the growing white pines for tomorrow. Isn't this our responsibility?

Please remember that upon request I shall be pleased to give you or any local group the details of control work done and needed in your town.

Very truly yours,

THOMAS J. KING,
District Leader in Charge.

FOREST FIRE WARDEN'S REPORT

As the tempo of America's war effort mounts, demands upon its citizens for service become more numerous and exacting. To some comes the call to arms; others to public service and still others to defense industries and organizations. No one can possibly escape if he would. All must bear a proportionate share of the burden and the sacrifice. Strong first line fronts on land, sea and in the air are needed and can be developed and maintained only if there is unity of purpose and common determination behind the home front.

As men are drawn into service the burden of carrying on rests more heavily upon those forced to remain at home. Here, team work becomes increasingly important because of constantly diminishing manpower. A general breakdown in essential local activities and law observance can only be prevented by whole hearted cooperation between citizens and leaders.

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention" being "worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with necessary regulations become a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on rainy days. This plan worked out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or other of them. It is only recently, however, that the Office of Civilian Defense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service." Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort. The State Forester is the State Coordinator; the District Fire Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fire Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the local warden and his assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to their local forest fire warden. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resource which are so vital to the war job.

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.

2. To be careful when smoking in or near the woods and not to throw lighted cigars, cigarettes or matches from moving vehicles.

3. To notify your local warden promptly of any fires you see.

4. That fire prevention is the best and cheapest fire insurance.

5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. This is patriotism at work.

The 1942 fire record for our town follows:

Number of fires	2
Acreage burned	22
Cost of suppression	\$69.54
Number of permits issued	13

ERNEST W. MORGAN,
Forest Fire Warden.

Incidental expenses	2.14	
		\$ 332.86
Transferred to Savings Bank		600.00
Balance on hand January 31, 1943		\$ 210.61
		\$1,143.47

Investments

Bonds held are as listed in Towa Report for 1941.
 Deposit in Merrimack County Savings Bank now stands,
 including dividend of January 1, 1943, at \$618.07.
 Carl Jones farm, Rooks County, Kansas.

The treasurer, in behalf of the Board of Trustees, would report the acceptance of a conditional offer for the Carl Jones' farm at a price which should net the Library \$5,500. The offer, made through Putnam-Schutte, is contingent on purchase by the party of 160 acres adjoining our holding. Also Trustees are executing an Oil and Gas Lease on the 80 acres not heretofore covered by such a lease. In the event that the sale does not go through this lease will add \$80 a year, so long as it is kept in force to our income from that property.

A word in regard to the item, L. R. Morin, sale deposit, in above account seems to be in order. In April Putnam-Schutte submitted an offer, accompanied by a check for \$250, for the Jones farm. The Trustees accepted. Later it proved impossible for him to finance the purchase and he asked for a release and refund. After some correspondence with Putnam-Schutte the Trustees refunded \$225, of the sale deposit, and the sale was off.

Respectfully submitted,

RUFUS H. BAKER,
 Treasurer of Library Trustees.

SCHOOL WARRANT

**To the Inhabitants of the School District in the Town of
Bow Qualified to Vote in District Affairs:**

You are hereby notified to meet at the Town House in said district on the 9th day of March, 1943, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Bow this eighteenth day of February, 1943.

ANDREW M. NICOLL,
SUSAN A. COLBY,
EDNA C. McNAMARA,
School Board.

A true copy of Warrant — Attest:

ANDREW M. NICOLL,
SUSAN A. COLBY,

Per capita tax	430.00
	<hr/>
	\$17,410.50

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Bow :

It is with pleasure that I submit my annual report as Superintendent of your schools.

Several changes in the teaching staff have occurred since last year. Miss Betsey Powers of Newport, a graduate of Keene Teachers College, was engaged as primary teacher at Bow Mills when Miss Rachel Kendrick resigned to teach in Derry.

Mrs. Grace Dayton of Manchester, who trained at Keene Teachers College was elected as teacher at the Bog, filling the position previously held by Miss Hannah Waite. Miss Waite resigned to be married.

Miss Althea Boutwell of Concord, who also was trained at Keene Teachers College, replaced Miss Bernice Stinson when the latter resigned to teach in Rochester.

Miss Alice Timms who taught at South Bow last year resigned at the end of the school year. Her position was not filled.

Enrollment last year as will be seen by the table at the end of this report was 153, exactly the same as the year before. The enrollment so far this year is slightly smaller.

Last June 20 pupils graduated from our 8th grade. Of these, 15 entered high school last fall.

The number of Bow boys and girls for whom the District is paying high school tuition this year totals 53. As a group they are doing good work in high school. I feel that this is a credit to them personally and also a demonstration that our schools are maintaining a good standard of preparation. The high school tuition next year should be estimated at 60 since 8 seniors should graduate and there will be up to 17 eligible to enter high school. This may vary if families move into or out of Bow.

Modern reading books have been furnished for grades 2 and 5 and new language books have been furnished for several grades. Worn books have been replaced and many work books have been secured.

Schools continue to be affected by war conditions. The shortage of teachers grows more acute in rural districts. What teachers are available seek positions first in larger communities or in consolidated schools where pay is better, where work is in single grades or subjects, and where transportation facilities are available. Many others have lost teachers during the school year, replacing them with great difficulty. The situation facing us for another school year will be even more serious.

Our teachers as a group have been loyal to their schools and children. They have met ever increasing demands cheerfully with labor on rationing, scrap drives, and many other programs. They have worked hard in the face of petty difficulties, increased cost of living, more taxes and personal worries. Their work is not spectacular and dramatic, but it is basically important to our community and nation. They merit a tribute for their splendid loyalty and cooperation.

Educational opportunities for our children must be maintained to the fullest possible extent. Children grow continuously. They cannot relive these years through which we are passing. They must not lose the benefit of good schools. Even though teachers in several fields may be scarce, materials often difficult to obtain, and war demands on the schools ever increasing, all effort will be made to keep school work at as high a standard as possible.

Cooperation of parents, other citizens, and members of the school organization has helped materially during a critical school year. It is thoroughly appreciated.

Respectfully submitted,

HARLAN E. ATHERTON,
Superintendent of Schools.

Statistics for the School Year 1941-1942

		Boys	Girls	Totals	Average Membership	Average Attendance	Per cent of Attendance	Total Tardiness
